53 ATENEO L.J. 576 (1956)

MANUEL V. MORAN, REMEDIAL LAW REVIEW (1956).

This Book is heavily based on the Author's prior work on the same subject and is intended to aid the bar candidate during his or her pre-week bar review as it presents the Rules of Court in a form of question and answers that are clear and concise. The latest cited cases, however, are in the year 1954 and lacks a preface, table of cases, and topic index.
