8 ATENEO L.J. 95 (1958)

RUPERTO G. MARTIN, LAW AND JURISPRUDENCE ON PUBLIC CORPORATIONS (1958). The Book is divided into 17 chapters and provides for relevant works of American authorities to shed light to areas where Philippine jurisprudence does not. One of the noteworthy parts of the Book is the tabulation providing for the scale of salaries of provincial and municipal officials according the class of the province or municipality involved. It is suggested that the book may be treated as specially written for the students of law.
