

Book Note

9 ATENEO L.J. 95 (1959)

Book reviews of Jose C. Campos and Ma. Elena Lopez-Campos' *Cases and Materials on Negotiable Instruments Law* (1959), and Joaquin R. Roces' *Congressional Power of Investigation* (1959) are also presented, identifying both the strong and weak points of the works. More importantly, the books are reviewed in terms of their usefulness and convenience to law practitioners and students alike.
