

Francisco: Code of Commerce Annotated

Fernando Grey, Jr.

I ATENEO L.J. 58 (1951)

SUBJECT(S): COMMERCIAL LAW

KEYWORD(S): CODE OF COMMERCE

The Book Review states that the Author, Vicente J. Francisco, presents the Code of Commerce in a revised version which incorporated the changes attributed to the Civil Code, recent legislations, and the recent jurisprudence on the subject. The book included readers belonging to the business-minded sectors who may seek advice from the text. The Author observes that while the book may not be of great service to the members of the bar, it would be very helpful to students of the law.
